Progression Qualifications

Do you require a range of flexible qualifications to meet the needs of your organisation?

Our Progression Qualifications offer accredited learning within the National Qualifications Framework (NQF)

The Open College Network NI is one of eleven regions licensed by the National Open College Network (NOCN). The National Open College Network (NOCN) is the leading credit-based awarding body in the UK, offering high quality, flexible, credit-based qualifications.

What are the Progression Qualifications?

The **Progression Qualifications** are made up of a wide variety of units which can be used to build customised and coherent courses of study. On completion learners will receive unit(s) from a qualification or a full qualification within the National Qualifications Framework (NQF).

The qualifications are made up of both core and optional units:

- **core units** provide opportunities for learners to develop skills in; literacy and numeracy, study skills, employability skills or personal development.
- **optional units** in subject specific areas provide opportunities for learners to test out their aptitude in a particular vocational area.

What benefits do these qualifications bring to your organisation?

- Eligible for Department for Employment & Learning (DEL) funding
- Nationally recognised within the NQF
- Flexibility and choice of unit combinations
- Value for money

What benefits do these qualifications bring to your learners?

- Development of employability skills
- Recognition of achievement in specific vocational areas
- Nationally recognised certificate
- Courses that best suit their needs
- Progression to further learning opportunities or employment

What do the qualifications look like?
