**About Open College Network Northern Ireland (OCN NI)**

The Open College Network Northern Ireland (OCN NI) is a UK recognised Awarding Organisation based in Northern Ireland. We are regulated by CCEA Regulation to develop and award regulated professional and technical (vocational) qualifications from Entry Level up to and including Level 5 across all sector areas. In addition, OCN NI are also regulated by Ofqual to award similar qualifications in England.

We are an educational charity and an Awarding Organisation that advances education by developing nationally recognised qualifications and recognising the achievements of adults and young people. We work with centres such as Further Education Colleges, Private Training Organisations, Voluntary & Community Organisations, Schools, SME's and Public Sector bodies to provide learners with opportunities to progress into further learning and/or employment.

We are a not for profit organisation and re-invest all of our resources back into the development of new qualifications and educational resources.

# Qualification Development

OCN NI offers a wide range of nationally accredited qualifications across a number of sector areas which are available to assist you in growing your business. We can help you to develop accredited qualifications from existing training courses or from the initial stages of development that are flexible and responsive to learner needs. Our specialised team will assist with qualification content and structure and ensure that the qualification/s you design will meet the requirements of the regulatory body.

**What are the benefits of having national accreditation?**

- ❖ It provides greater confidence in the marketplace
- ❖ There is a level of assurance that service quality meets national standards
- ❖ It helps support requests for funding
- ❖ Better opportunities are provided for learners in the labour market
- ❖ Offers progression opportunities for learners in education and training
- ❖ The qualification/s can be tailor-made to suit the needs of the learners
- ❖ Learners receive a national certificate endorsed by the regulatory body

# OCN NI Endorsed Courses

OCN NI offers a comprehensive accreditation service for endorsed programmes. Whether you are a learning provider, employer or community organisation, we can work with you to develop and accredit programmes where a national qualification may not be appropriate.

**What is Endorsed Accreditation?**

It is credit-based units of assessment which we develop with you and approve for your use. We work with you to write appropriate learning outcomes and assessment criteria (the unit), based on the content of your course.

Each unit is given a credit value – this is the time taken by learners, on average, to complete the learning outcomes of the unit.

**What are the benefits?**

- ❖ Units are tailor-made for your requirements
- ❖ Units meet national standards for credit-based units of assessment
- ❖ Units are approved, and quality assured by OCN NI – a national Awarding Organisation
- ❖ Learners receive a certificate for their achievements from a national Awarding Organisation

**How does it work?**

Our Business Development team work closely with OCN NI centres offering advice and support in the accreditation of endorsed courses. Courses can be built from a vast range of readymade units or we can work with you to develop new units.

**Developing New Units**

The process for developing new endorsed units is as follows:

- ❖ Contact your appointed business development advisor (BDA) to discuss your ideas
- ❖ With the support of your BDA write draft unit/s for your course
- ❖ Units will be reviewed and approved by an OCN NI panel
- ❖ Units will be coded and ready for delivery within your OCN NI centre

# Working with Further Education

OCN NI works in partnership with the six Further Education colleges across Northern Ireland.

Informed by the changing agenda for further education, our focus is on creating the highest quality qualifications which are accessible to all and enable the learner to succeed. OCN NI recognises the need to adapt and change in response to the challenging economic environment colleges work in. OCN NI remains focussed on developing cost-effective qualifications informed by funding and policy changes.

OCN NI qualifications are flexible, responsive to individuals, cumulative, progressive and success based. The qualifications are credit-based, responding to local need, and developed within quality frameworks.

Most qualifications in colleges are designed around these criteria so if you are looking to broaden your curriculum for adult learners, widen your pre-apprenticeship, traineeship and apprenticeship offer, develop new programmes of study or foundation learning programmes for learners, we can help.

OCN NI has a track record in designing and building qualifications and units of assessment which provide best practice qualifications to meet learner needs, the needs of employers and the marketplace.

# Working with Vocational Training Providers

Vocational Training Providers must ensure learning reflects current funding priorities and with tightening budgets it is becoming more difficult for employers to justify workforce training and development.

OCN NI continues to be responsive to the needs of training organisations and employer requirements, developing qualifications which enable learners to gain recognition for their achievements and fulfil their potential.

OCN NI qualifications are designed to improve the chances of those who have previously been let down by the system. We provide bite-sized chunks of learning and the opportunity to recognise an individual's achievements and give credit where it's due. Building up skills in small blocks of learning, with certification along the way encouraging motivation and boosting confidence and sense of achievement.

# Working with Schools

## Regulated Qualifications on the Entitlement Framework

# Working with The Third Sector

Northern Ireland continues to develop a vibrant Voluntary and Community Sector (VCS) comprising of large established learning providers and small community-based groups. The mission of OCN NI is to develop and award qualifications which engage, enrich and equip learners for life and supports the Third sector.

OCN NI continues to work with VCS organisations using accreditation to enhance the status of their work and crucially to give their learners formal recognition of achievement. Social inclusion, wider participation and community transformation remain integral to OCN NI's ethos and core values. Learners can access a varied range of learning activities and training courses across a broad range of subjects.

A key challenge for VCS organisations is demonstrating outcomes. By using OCN NI nationally recognised qualifications or accrediting learning already undertaken, VCS organisations can demonstrate positive outcomes, improve retention and achievement.

# Apprenticeships and Traineeships (NI)

OCN NI supports the Department for Economy (DfE) apprenticeship and traineeship programmes which are available in a wide range of occupational areas to support regional business needs. OCN NI apprenticeships and traineeships can be tailored to meet FE colleges and training organisations' needs in order to prepare learners for the workplace.

OCN NI currently has the following apprenticeship and traineeship qualifications and continues to develop occupationally specific qualifications to meet DfE needs.
