About Regulation

OCN NI

Open College Network Northern Ireland (OCN NI) is a regulated Awarding Organisation based in Northern Ireland. OCN NI is regulated by CCEA Regulation to develop and award professional and technical (vocational) qualifications from Entry Level up to and including Level 5 across all sector areas. In addition, OCN NI is regulated by Ofqual to award similar qualification types in England.

All OCN NI regulated qualifications are published to the Register of Regulated Qualifications (<http://register.ofqual.gov.uk/>). This site shows the qualifications and awarding organisations regulated by CCEA Regulation and Ofqual.

The Regulated Qualifications Framework: an overview

The Regulated Qualifications Framework (RQF) was introduced on 1st October 2015: the RQF provides a single framework for all regulated qualifications.

Qualification Level

The level indicates the difficulty and complexity of the knowledge and skills associated with any qualification. There are eight levels (Levels 1-8) supported by three 'entry' levels (Entry 1-3).

Qualification Size

Size refers to the estimated total amount of time it could typically take to study and be assessed for a qualification. Size is expressed in terms of Total Qualification Time (TQT), and the part of that time typically spent being taught or supervised, rather than studying alone, is known as Guided Learning Hours (GLH).

For further information about the RQF see:

<https://www.ocnni.org.uk/blog/regulated-qualifications-framework-rqf/>

Qualification Summary

The OCN NI suite of qualifications in Languages aims to provide an opportunity for accreditation in language skills. Learners benefit from expanding cultural knowledge and improving communication skills, especially when travelling abroad. Learning language also enhances career opportunities. OCN NI language provision covers a wide range of languages including Arabic, French, German, Greek, Irish, Italian, Japanese, Mandarin Chinese, Polish, Portuguese, Russian, Spanish and Turkish.

The suite of language qualifications in French covers the main skills areas of Reading, Listening, Speaking and Writing. To achieve a Certificate at Levels 1 or 2, learners will also complete a unit in Understanding Intercultural Communication.

Sector Subject Area

12.2 Other languages, literature and culture

Qualification Target Group

The qualifications are targeted at a range of learners including:

- learners in schools and colleges
- adults in full time and part time learning
- adults in the workplace
- anyone who wishes to study languages for enjoyment

Entitlement Framework

The OCN NI Level 2 Certificate in French has been approved by the Department of Education and added to the NIEFQAN file. This qualification has been awarded points which equates to a Grade B at GCSE. Whilst this qualification can be counted as part of a school's 5 GCSEs or equivalent performance measure, it is up to the individual further/higher education establishment or employer to decide whether to accept it as a GCSE equivalent.

Entry Requirements

There are no formal restrictions on entry for these qualifications. However, the learner may need a certain amount of knowledge and understanding before being able to fully benefit from a language qualification at a more advanced level. The learner should receive appropriate advice and guidance on the suitability of the qualification before embarking at this level.

Grading

Grading for these qualifications is pass/fail.

Delivery Languages

These qualifications are available in English only at this time. If you wish to offer these qualifications in Welsh or Irish (Gaeilge) then please contact OCN NI who will review demand and provide as appropriate.

Methods of Assessment

Methods of Assessment will be as listed in the unit details. All evidence will be internally assessed by qualified centre assessors and internally verified by the approved centres. External verification visits and monitoring activities will be conducted with centres annually to confirm the evaluation of risk and compliance and to ensure the integrity of the qualification.

Assessment guidance for each unit is contained in OCN NI's Unit Template and centres should design the method of assessment in accordance with OCN NI's Assessment Methods Document. If you have any queries about assessment guidance please contact OCN NI.

Evidence should be presented on more than one occasion in each skill area at each level. For Speaking, each learner should be recorded at least once.

Links to National Standards

OCN NI language units have been mapped to NOS standards. For a breakdown of knowledge and skills at each level please click on the link <http://www.skillsca.org/standards-qualifications.html>

Quality Assurance of Centres

Offering OCN NI Qualifications

These qualifications are only available through OCN NI recognised centres. If you would like to find out more about either becoming a recognised centre or working in partnership with a recognised centre, please access the “[New Centre Enquiry](#)” area of the website or contact a member of the Customer Services Team for more information. OCN NI will advise you on the best and most efficient methods for offering these qualifications to learners. All procedures for the use of these qualifications or units of these qualifications, including approval, registration of learners, verification and certification will be completed through OCN NI who will provide an identified member of staff to support your centre.

OCN NI will produce and publish on an annual basis, the OCN NI Centre Handbook. This document outlines the Qualification/Course delivery arrangements in line with regulatory requirements. In summary, our approach to recognising, approving and monitoring centres is informed by the nature and risks associated with particular qualification types and as with the approach adopted by regulators we will use these groupings to help plan how we allocate resources and undertake various activities. Centre staff should familiarise themselves with the Centre Handbook.

Additional Information for Centres

1. OCN NI will provide ongoing support and advice on the use of OCN NI units and qualifications including the requirements for assessment.
2. Approval should always take place through the normal OCN NI processes and will be explicitly recorded.
3. All centres approved to offer OCN NI units and qualifications will be allocated a unique OCN NI centre Number.
4. Each centre should identify a centre contact who will be responsible for OCN NI unit and qualifications within the centre.
5. The centre contact must ensure all procedures relating to the delivery of the qualification operate effectively in the centre.
6. The centre contact is the person responsible for confirming and ensuring that the centre meets all the OCN NI requirements for Centre Recognition.
7. The centre contact is responsible for ensuring all relevant OCN NI documentation is distributed as required within the centre and that the security requirements for External Assessment (where applicable) are adhered.

Assessment

The qualifications are assessed within the centre and are subject to OCN NI's quality assurance processes. Units are achieved through internally set, internally assessed, and internally verified evidence.

Assessors must:

- have a minimum of one year's experience in the occupational area they are assessing
- have direct or related relevant experience in assessment
- have a sound understanding of the current National Occupational Standards (NOS)
- assess all assessment tasks and activities

Internal Verification

The qualifications must be scrutinised through the centre's internal quality assurance processes as part of the recognised centre agreement with OCN NI. The centre must appoint an experienced and trained centre internal verifier whose responsibility is to act as the internal quality monitor for the verification of the delivery and assessment of the qualifications.

Note: the centre must agree a working model for internal verification with OCN NI prior to delivery of any programme.

Internal Verifiers must:

- have direct or related relevant experience in assessment and verification
- attend OCN NI's internal verifier training in order to be approved by OCN NI
- support tutors and assessors through centre standardisation meetings held within the centre at appropriate points in the year and records maintained for the external verifier
- sample assessments according to the centre's sampling strategy
- ensure tasks are appropriate to the level being assessed
- maintain up-to-date records supporting the verification of assessment and learner achievement

External Verification

External verification visits and monitoring activities will be conducted with centres annually to confirm the evaluation of risk and compliance and to ensure the integrity of the qualification.

External verifiers' reports will be based on actual evidence provided by the centre internal verifier and a selection of sampled assessed evidence from registered candidates. This will inform both OCN NI and the centre about training needs for tutors, assessors or internal verifiers, if observed within centres. OCN NI will consider these needs and the actions required to remedy any problems when agreeing the centre offer for the following year.

External Verifiers:

- will be appointed by OCN NI
- must have direct or related relevant experience in assessment and verification
- must have a sound understanding of the current National Occupational Standards (NOS)

Standardisation

As a process, standardisation is designed to ensure consistency and promote good practice in understanding and application of standards. Standardisation events:

- make qualified statements about the level of consistency in assessment across centres delivering a qualification
- make statements on the standard of evidence that is required to meet the assessment criteria for units in a qualification
- make recommendations on assessment practice
- produce advice and guidance for the assessment of units
- identify good practice in assessment and internal verification

Centres offering units of an OCN NI qualification must attend and contribute assessment materials and learner evidence for standardisation events if requested.

OCN NI will notify centres of the nature of sample evidence required for standardisation events (this will include assessment materials, learner evidence and relevant assessor and internal verifier documentation). OCN NI will make standardisation summary reports available on its website and correspond directly with centres regarding event outcomes.

Recognition of Prior Learning (RPL), exemptions and/or equivalences

Learners will often embark on a qualification with some form of prior achievement and experience and as such OCN NI operates a process whereby these can be recognised so as to remove unnecessary duplication and repetition. Centres should refer to the OCN NI guidance for making Recognition of Prior Learning (RPL), exemptions and/or equivalences which can be located in the Qualification/Course Delivery Manual.

Retention of Evidence

OCN NI has published guidance for centres on the retention of evidence. Details can be accessed via the OCN NI website www.ocnni.org.uk

Certification

Certificates will be sent to centres within 20 working days of receipt of correctly completed results marksheet.

It is the responsibility of the centre to distribute certificates to learners promptly and securely.

Charges

OCN NI publish all up to date qualification fees annually in its Fees and Invoicing Policy document. Further information can be found on OCN NI's website www.ocnni.org.uk

Progression Opportunities

The OCN NI qualifications in French enable progression to the next level at Entry Level, Level 1 and Level 2. They can also open up a variety of career and employment opportunities.

Equality and Inclusion

We have considered the requirements of equalities legislation in developing this specification. Vocational qualifications often require the assessment of a broad range of competences. This is because they are designed to prepare learners for the vocational area being studied.

For further information and guidance relating to access to fair assessment and the reasonable adjustments and special considerations policies, please refer to the OCN NI website.
